PACKERS WHO PAID FINE WILL GIVE TESTIMONY

Have Been Subpoenaed to Give Evidence Against Armour and Others.

CHICAGO, Sept. 27.—Max Sulzberger, Chicago, vice-president of the Schwarzschild & Sulzberger Packing company, and E. B. Fish, who is one of the traffic officials of the company, it is announced today, have been subpoenaed by the Government as witnesses in the beef trust case to testify against Armour & Co. and the other defendants. Two other employees of the Schwarzschild & Sulzberger company pleaded guilty recently to charges of conspiracy to illegally obtain railway rebates. The offenders, through pleading guilty, escaped imprisonment, being sentenced to pay fines aggregating \$25,000.

Service Kept Secret.
The subpoenaed made public today were served some weeks ago, but the matter was kept secret. Traffic Manager E. B. Fish is the witness whom it was charged in the indictment. Attorney Joseph Welsbach and three others split away to Canada.

Packers Held a Meeting.
Government secret service men worked on the case for a long time and finally reported that Sulzberger and the other three attaches of the company are in possession of facts concerning a meeting of packing officials held within the past year, almost within the time of the grand jury investigation. It was learned, it is declared, that a representative of the Schwarzschild & Sulzberger company was seated at the table about which the packers gathered.

Hope to Expose Details.
The details of this alleged meeting will, it is hoped by the prosecution, be exposed before the jury which tries the packers. Attorney Welsbach today, however, strenuously denied that the Schwarzschild & Sulzberger company is turning State's evidence in order to "get even" with the other packing companies. He declared that the witnesses will go on the stand under protest.

Find Important Witness.
After a search of many weeks the Government officials have succeeded in finding an important witness, George L. Coffin, manager for Hammond & Co., at the stock yards. He has been out of the city, it is declared, for some time. He was subpoenaed today.

REPORT IS ENCOURAGING
New Orleans Prepares to Open Schools Monday.

NEW ORLEANS, Sept. 27.—Official report to P. M. W. Woodruff, U. S. marshal, Sept. 27, total, 2918. Deaths, 5; total, 280. New food, 5. Cases of typhoid treatment, 272. Discharged, 226.

Encouraging to a high degree was the report on the number of new yellow fever cases.

Funeral gangs were put to work in this epidemic school building with a view to their complete disinfection in time for the opening on Monday.

The remarkable feature of the report today is the small number of new cases, the smallest report on any day since the early part of August.

The news from the country showed a steady improvement.

SAN FRANCISCO, Sept. 27.—F. T. Cable, representing the Holland Submarine Torpedo Boat company, arrived today on the liner Korea from Japan. He went to Japan some months ago to supervise the work of placing seven submarine boats in working order and completed this task at the latter part of June.

JAP SURGEON GIVES VALUABLE POINTERS

Tells Something of How Wonderful Efficiency in Navy Is Maintained.

DETROIT, Sept. 27.—Surgeon-General S. Suzuki of the Imperial Japanese navy today in his address before the convention of military surgeons of the United States, made what was declared by Medical Director J. S. Wise of the United States navy to be the most valuable contribution of modern times to naval surgery.

"Much of our success in the treatment of wounds," said Dr. Suzuki, "I ascribe to the fact that before every engagement I ordered each member of the crew to bathe and put on perfectly clean underclothing. In a great many cases of shot wounds fragments of clothing are carried into the body, and our insistence on cleanliness prevented many cases of blood poisoning among our wounded."

Togo Takes Compass Bridge.
"Our experience during the war proved that the conning tower of a warship is a most dangerous situation for the commander of the ship. Togo took the compass bridge from the conning tower and placed it in the center of the ship."

"The vision of the men who fire the guns on a warship must necessarily be of the very best if their shots are to count. Before every engagement the surgeons in the Japanese fleet examined carefully the eyes of all the gunners. If with slight impairment of vision were treated and if the impairment was too grave to yield to immediate treatment they were transferred to another station and their places filled by men whose eyes were perfect."

Feature of Late War.
An address by Col. Valery Hayard, U. S. A., on his experiences with the Russian army in Manchuria was the feature of the afternoon session of the convention. Col. Hayard said that losses from artillery fire during the Russo-Japanese war were greater than from any source in any previous war. He ascribed this to the fact that much of the time the Russian army was engaged in trench warfare, and the men were getting into close enough contact to make their rifle fire entirely effective.

NORWAY TO SOON ADDRESS POWERS

Will Take Steps to Secure Early Recognition by Other Nations.

PARIS, Sept. 27.—M. Loevald, Minister of Foreign Affairs of Norway, today gave the Temps Christiania correspondent an authorized statement. He said Norway would take steps to secure an early recognition by the powers. This recognition would cover Norway's independent sovereignty without reference to the question of the Government's status as a monarchy or a republic, which would be subsequently determined.

HAS ABOUT ABANDONED IDEA OF A MONARCHY

Democratic Republic Like Switzerland Undoubtedly Will Be Adopted.

Concerning the offer of the throne to Prince Charles of Sweden, M. Loevald said:

Offer to Charles Stands.
"The Storting's offer still operates, as it has not been formally and officially rejected. But Norway will not make a second offer, nor can we indefinitely wait for an answer from King Oscar. If we do not receive a response very soon we shall consider ourselves relieved and turn elsewhere. Prince Charles of Denmark would then be the most available through language and nationality. Prince Charles of Sweden would have received an enthusiastic welcome had he accepted the throne. He would still be welcome, but the people are no longer enthusiastic."

Asked what form of government Norway would adopt if the monarchy is abandoned, M. Loevald answered:

Favors Swiss Republic.
"We shall have to choose between three kinds of republics; first, a monarchical republic, like France, where the President is virtually king, with a fixed term; second, an absolute republic, like the United States, of which the President is elected for four years; and third, a democratic republic like Switzerland. The last satisfies us best and we shall undoubtedly adopt it."

Mr. Loevald read and approved the interview.

CHICAGO, Sept. 27.—Assistant Attorney-General Boys and Attorney Hawk have called on the policy-holders' committee of the Western Indemnity Life Insurance company to supply the State with any facts in their possession to enable the Attorney-General immediately to bring quo warranto proceedings against the company.

CHINA WILL CARE FOR THE WHANG PU RIVER

New Arrangement Satisfactory to Foreigners, and Will Help Traffic.

PEKING, Sept. 27.—The much-vexed question of the Whang Pu river conservancy has been settled. Prince Ching signing the agreement today. Annex seventeen of the protocol of 1901 provided for the establishment of an international board of control of river affairs, and for the necessary funds which were to be raised by various taxes, China agreeing to contribute a sum equal to that subscribed by foreigners. This arrangement was never satisfactory, the Chinese complaining of the inadequately represented board, while the foreigners refused to adhere to the arrangement. Hence, the provisions of the protocol were never carried out.

China Takes Responsibility.
The agreement signed today provides that China shall assume all the responsibility of the care of the river and furnish all the funds, foreigners contributing nothing either by way of taxation or grant. The interests of foreigners are safeguarded by a stipulation that all Chinese action on the matter is to be subject to foreign approval in every case, while a periodical submission of the accounts of the disbursement of the necessary funds is guaranteed to the foreigners.

Opium Revenue Unsettled.
The question of the opium revenue at Szechuan and the appointment of the conservancy engineer remains unsettled, and will probably lead to much dispute, but, anyhow, it will be subject to foreign approval.

This arrangement, if carried out, is regarded as highly satisfactory from a foreign standpoint, and it is probably excellent for China also, as an increase in the shipping trade means increased customs duties.

Motive for Outrage Dark.
Nothing has transpired yet regarding the motive of last Sunday's outrage. Prominent Chinese believe it was a direct outcome of the anti-American boycott movement, the more violent Chinese patriots resenting the restraining measures of the Government. The generally accepted view of the affair is that it was a direct result of the boycott.

The thrower of the bomb has not so far been identified, but he is known to have been in the better class. Viceroy Yuan Shai Kai of the Chi Li province is taking energetic steps to capture the conspirators.

TAFT THINKS THE TRIP WILL TELL

Congressmen Have Better Idea of Needs of the Philippines.

SAN FRANCISCO, Sept. 27.—The Pacific Mail Steamship company's liner Korea, Capt. Zeeder, arrived today from the Orient, boasting the trans-Pacific record by several hours. Among her passengers were Secretary of War Taft and most of the members of the party which left with him for the far East on the Manchuria on July 8 last.

Korea's Quick Trip.
The Korea sailed from Yokohama on September 17 and came direct to this city, omitting the usual stop at Honolulu. On this trip she covered the distance in ten days, eleven hours and five minutes, an average speed of over eighteen knots for the entire trip. The steamer Empress of Japan has made the run from Yokohama to Victoria in ten days and eleven hours, but the distance between these points is about 24 miles less than that covered by the Korea.

The following members of the original party returned on the Korea:

Members Who Returned.
Secretary of War William H. Taft, Col. Clarence R. Edwards, Capt. J. B. Thompson, A. D. C.; Capt. William Kelly, Jr., A. D. C.; Private Secretary Fred W. Carpenter, Maj. Guy E. Smith, Private Secretary James A. Leary, Private Secretary W. R. Pedigo, Senator and Mrs. Nathan B. Scott, Senator and Mrs. Fred T. DuBois, Senator and Mrs. J. P. Foster, Representative and Mrs. George H. Brown, Representative and Mrs. William P. Hepburn, Representative and Mrs. George W. Smith, Representative and Mrs. David A. DeArment, Representative and Mrs. William A. Jones, Representative and Mrs. A. Cooper, Representative and Mrs. Charles H. Sherman, Representative and Mrs. George E. Edmunds, Representative and Mrs. Ebenezer J. Hill, Representative and Mrs. Michael E. Driscoll, Representative and Mrs. Albert B. Brown, Representative and Mrs. Charles Clark, Mr. Clark, Ward E. Copley, Col. James D. Hill, Mrs. Nagle, Charles H. Jones, William J. Johnston, Burr McIntosh.

In an interview with an Associated Press representative Secretary Taft said:

Taft Tells of Trip.
"Reports coming from the Philippine islands seem to indicate that it would be wise for the head of the War department to make a visit of inspection to those islands during the past summer, and his going with a sufficient staff, thought to present a good opportunity to form a party of Congressmen-Senators and Representatives to visit the islands as the guests of the Philippine Government."

Philippines was poor and was unable to do more than arrange for the passage money of the Congressmen who would form part of the party. This did not include the expenses of transportation or the meals along the way, and indeed left the Congressmen to defray from their own pockets by far the larger part of the actual traveling expenses.

Official Party of Fifty.
"The party as organized consisted of twenty-three Representatives and seven Senators. Of these thirteen were accompanied by their wives, and the party included Roosevelt and his friends, Miss Boardman and Miss McMillan, were of the party, and then a number of other persons, pleasant to the party, paying their own expenses, so that the official party numbered about fifty persons, and the unofficial party about eighty more."

Left Last June.
"We left Washington over the Baltimore & Ohio railway on the 30th of June and reached Chicago the afternoon of the 1st of July, and then took a special train over the Chicago & Northwestern and the Union Pacific, gathering the various members of the party, and on the Pacific Mail steamer Manchuria. We reached Honolulu on the fourteenth and spent the night at the Hotel Hamilton. The sunset of that day, when we sailed again for Yokohama. The stop at Honolulu was one of pleasure, and very pleasant."

Idea of Hawaiian.
"I have been there three times and my only idea of the citizens of Hawaii is that of a committee appointed to see that the stranger within Diamond Head shall have the opportunity of knowing the best of the islands."

"We arrived in Yokohama on the 5th and were greatly surprised by the elaborate reception which had been prepared for us by the Emperor, his Cabinet Ministers, the Governors of the Provinces, the Mayors of the towns and the Japanese people."

Surprised at Reception.
"For five days we were the guests of the Government, and nothing could have exceeded the kindness and enthusiastic manifestations of friendship which were shown to us. It was chiefly due to the presence of the daughter of the President, to whom the people wished to show their gratitude for his efforts for peace. We were housed in Tokio, and the whole of the official party, fifty-three in number, accompanied the Emperor and Empress after each member had had a personal audience with them."

The Premier, Count Katsura, gave the whole party a banquet at the Hotel Imperial, and the Minister of War gave a garden party at the arsenal gardens which added much variety of interest. We were treated to a very elaborate and beautiful luncheon and speeches which we made were given an exhibition of famous wrestling by professional wrestlers of Japan. We saw the champion wrestler, who was said to weigh somewhat more than 400 pounds."

Given Popular Farewell.
"In leaving Tokio we were given a popular farewell such as had never been seen in Tokio before. The whole immense square in front of the railroad station was crowded with people shouting 'Banzai' and extending to us every evidence of enthusiastic good will and friendship, and so along the line of the railroad on the special train, which was called 'The Welcome Special,' as we went from Yokohama to the coast."
